SUMMARY

I am a passionate and dedicated Full Stack Developer with a strong foundation in React.js and Express.js. My experience includes web application development, collaborating within teams, and adapting to challenges effectively. I thrive in environments where I can utilize my skills to create efficient and scalable applications while continuously learning new technologies.

SKILLS

Technical Skills: Java | HTML | CSS | BootStrap | Tailwind | Material UI | JavaScript | React.js | Express.js | Node.js | Socket.io | MongoDB | Git

Role: Frontend | Backend | Full-Stack

Languages: Fluent in English , Tamil

Certification: MERN Stack Developer @Simplar Academy | React Native Bootcamp @let's upgrade platform | Git & GitHub Bootcamp @let's upgrade platform

EDUCATION

Sri Krishna College of Engineering and Technology   Coimbatore
Bachelor of Engineering   Aug 2020 - Apr 2024
Major in Mechatronics
CGPA: 8.6/10

National Model Matric Hr Sec School   Coimbatore
HSC - 491/600 (81 %)   Jul 2018 - Mar 2020

K.C.M Matric Hr Sec School   Nilakottai
SSLC- 455/500 (91%)   Jun 2016 - Apr 2018

EXPERIENCE

UIBO Infotech
Full Stack Development Intern   Jan 2025
1. Designed and maintained dynamic web applications, integrating frontend and backend technologies for enhanced user experience.
2. Collaborated with team members to design, code, test, and deploy scalable solutions.
3. Delivered projects on schedule, contributing to team success by consistently meeting development objectives.
4. Demonstrated strong problem-solving skills and adaptability during real-time project challenges.
5. Earned recognition for being **dedicated, hardworking, and enthusiastic** throughout the internship program.

PROJECTS

CHATTY-Real Time Chat Application
1. Developed a real-time chat application using **React, Socket.io, Express.js, Node.js**, and **MongoDB** with secure user authentication via **JWT**.
2. Enhanced communication by adding personalized themes, profile picture uploads, and image sharing.

BLOGFOLIO
1. Focused on frontend development, creating responsive UI components using **React (with React Router)**, **HTML**, and **CSS**.
2. Integrated user authentication and implemented full CRUD operations for efficient blog post management.

MINI E-COMMERCE Website
1. Designed and built a responsive product catalog with **filtering, sorting**, and shopping cart functionality using **Bootstrap** for enhanced user experience.
2. Designed intuitive navigation components for seamless product browsing and information access.

WEATHER FORECASTING Application
1. Developed a weather forecasting application using React and integrated it with a free Weather API to display current and 3-day weather forecasts.
2. Implemented weather-specific icons and search functionality for city-specific weather updates.
